Greetings All,

I hope this spring season finds you at peace and full of a new hope.

I would like to take a few minutes of your time to introduce myself to you as your new president of the Lake Area Club. I first came to know the Lake Area Club in 2004, as an ends to a mean, and soon after walking through the club doors, discovered a new meaning of life and hope one day at a time. I found comfort at the club and wanted to get involved in understanding more about what it took to operate a place like the LAC, that being said, I became a member in 2005. As part of my interest and recovery I became a secretary of a weeknight meeting for about 1 ½ years and enjoyed every meeting. I have been active in a few social events and the campout in July has become a family favorite of ours. I have four wonderful kids and two enjoy the campouts and companionship the group offers them. I also have three grand kids who have had the chance to enjoy a Thanksgiving event at the club last year. All in all, I find the club a valuable resource for my family and myself and hope to do my part in keeping the club open for others to enjoy the services and events that I have come to enjoy. This president position is a new challenge for me and I will do the best I can in helping in anyway I can to ensure that the Lake Area Club continues in it's path as a great place to gather, learn, and socialize for anyone looking for what we have to offer. Many of you have given and continue to give your time and talents and I wish to thank you and tell you that **you** are the folks that inspire me to do better and give more. Thanks to you all.

I am also an avid computer user so if you get the chance check out the web site for our club at: [www.lakeareaclub.com](http://www.lakeareaclub.com), we have had over 1700 visitors there since we started it up in 2008. If you have any ideas for further use or something you wish to have posted there, send me a letter at: [ckelly10@wi.rr.com](mailto:ckelly10@wi.rr.com) or call me at (414) 322-0038 and we will see what we can do for you. Many events are posted there as well as space for much more information like newsletters and history of the club letter.

Don't' forget the board meetings are held on the second Sunday of each month @ 7pm so if you feel the need to participate in club development come on out and share you voice.

Thank you all for the chance to serve.

Chris Kelly.

Dear Friend of Recovery:

The word "*Recovery*" has become a buzz word around the world because of the economy. People are hoping that with the bailouts and economic strategies the economy will recover and get back to normal in the near future.

There is no end to "*Recovery*" for a person with an addiction. While recovery offers hope and a new life compared to where we were, it is an ongoing process with only two potential ends. One, we stay in recovery until the end of our lives, or we "go back out there" and participate in our addiction again.

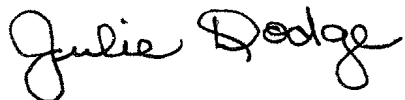

For **27 years** the Lake Area Club (LAC) has provided a drug and alcohol free environment for recovering people, and their families, to grow, learn and love each other! Becoming a member of the LAC is both a privilege and a responsibility. Each of us has paid a dear price to come this far. We have exhibited a courage only understood by others who have walked this same path. We have dared to change from individuals who had lost our lives to addiction, to individuals willing to share our experience, strength, and hope in an atmosphere of openness and love. With the pain of the past, and the hope of the future, and the resolve of the present, our doors are open every day of the year for those seeking and those continuing in recovery.

On Friday, July 10<sup>th</sup> we will host our Tenth Annual Recovery Golf Outing. For each of the previous nine years contributions of Silent Auction items, Raffle items, Tee Sponsorship, cash donations, and the golfers have made a tremendous difference in our ability to serve.

We are very excited this year as we are golfing at a *new course*, **Rolling Hills Country Club**. Courtesy of *Schlossmann Dodge City* in Brookfield, we are able to offer a **NEW CAR for a hole-in-one!** Would you add to the growing excitement with a donation? We will list contributing businesses on the Lake Area Club's website for the coming year so members and friends who visit our site can find *the businesses that support us and thank you with our patronage!* (Upon request, you can remain anonymous on the website. Please note on next page.)

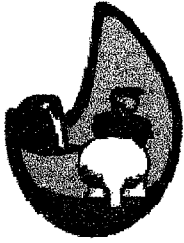

Complete details are on the next page. Thank you for taking a moment to look it over, consider our mission, and your possible contribution. If you have helped in the past, we hope we can count on you this year. If this is the first time, *welcome*, you're just in time for a special event!

With deepest gratitude,

Julie Dodge
